### COMPANY OVERVIEW

PT. IRON ASSET INDONESIA is a company established by Korean IT developers of "MUST FINTECH CO., LTD."

We aim to create a new future through the convergence of finance and technology. Our goal is to make finance easy, convenient and safe for everyone to use. **We need the cooperation of young Indonesian developers to achieve our dream.**

We have already achieved the top spot of P2P financial solution supply in South Korea, and have sufficient technology and experiences. However, we still have a long way to go. We want to build on the skills and experiences that are commonly used in the global market beyond South Korea. To do so, it is essential to enter the global market and this is why it is more important to enter Indonesia.

Great challenges always require good colleagues. **We are waiting for Indonesian young people to do a great challenge with us.** We will build a strong team culture by learning, sharing and cooperating together based on mutual trust. In particular, for the mutual communication and growth, we will select excellent young people from Indonesia and provide opportunities to work in South Korea so that they can understand each other in the global environment and motivate them to grow spontaneously.

As such, we will endeavor to create a more creative, dynamic and innovative company, and we will grow together with you. And we will surely achieve the top of the Fin-tech business through our efforts and growth.

9. Conducting website performance tests.
10. Troubleshooting content issues.
11. Monitoring the performance of the real time operating websites.
12. Preferably Manager/Assistant Manager specialized in IT/Computer - Software or equivalent.

## WHY JOIN US

With MUST FINTECH, you can do the following:

**-We will give you the opportunity to work at the headquarters in South Korea.**

We are very interested in personal growth. For this reason, we provide the chance for excellent employees to work together at the headquarters in Korea and receive manager training. (The accommodation expenses are provided by the company.)

**-Personal growth is not for the company.**

We believe that personal growth is extremely personal, not company's growth. We aims to provide a wealth of opportunities to help employees build a better career.

**-Take advantage of the same MUST FINTECH crew anywhere.**

We provide the same benefits as the headquarters, such as 15 days of annual leave, birthday celebration, holiday gifts (1 time of the year), and additional day offs if there is no lateness of quarters.

**-If you have not graduated yet, do not worry about it!**

You can work with us as internship program and you can be a manager officially after you graduate! Sometimes we need to follow this words, "Do first, think later"!

\* Must Fintech Co., Ltd. In Seoul
