INTERNATIONAL WINTER SCHOOL 2017/2018

January 3 – 17, 2018

CYBER SECURITY

THE FORCE3 IS STRONG WITH THIS ONE

Get to know the “dark side“ of security and how to use “the force“ the right way. In this course, the students will learn how to use their computer without exposing it to most of the threats lurking outside, whether this is simple Internet browsing, “innocent“ usage of publicly available Wi-Fi, or usage of “secure“ corporate network.

The students will be awarded 4 ECTS/2 US credits for successful completion of the course.

Application period: until 15 December '17

INTERNATIONAL WINTER SCHOOL 2017/2018

Algebra
university college

January 3 – 17, 2018

CYBER SECURITY

THE FORCE IS STRONG WITH THIS ONE

The students will be able to visit Ladies' and Men's Slalom, Snow Queen Trophy (3.-4.1.2018)

Snow Queen Trophy races are special in many respects: Zagreb is the only capital city hosting World Cup races; only at the Sljeme races are the winners of the men's and ladies' races crowned Snow King and Queen; and the atmosphere surrounding the races is praised by not only the world's best slalom skiers but also all the visitors.

The tuition fee for the course: 1250 EUR

Travel expenses and accommodation are NOT INCLUDED in the tuition fee. The price for accommodation during a two week Winter School course is approximately 250 EUR if the students stay in a hostel.
