TECHNO UPDATE

DEDY Irvan

Co-founder, Editor in Chief | JagatReview.com

Opening the session, Dedy will introduce the new technology inside **every brand products** brought during each city roadshow.

Jagat Review Team will lead the talk show on overclocking, and specifically introducing **Intel® Core™ 8th Generation Processor** and **Intel® Core™ i9**.

AOCT CAMPUS CUP

5-cities Tournament

It ain't over if it ain't overclocked

Overclocking is the perfect way to show the **true potential** and extent of PC performance. Tools and skills—that's what it's all about.

Amateur Overclocking Tournament (AOCT) sparks and unites groups of true tech enthusiasts.

PC GAMING

CS: GO 1-on-1

Brains, Brawls, Buffs

Counter-Strike: Global Offensive (CS:GO) is a multiplayer first-person shooter video game developed by Hidden Path Entertainment and Valve Corporation. The game pits two teams against each other: the Terrorists and the Counter-Terrorists. Both sides are tasked with eliminating the other while also completing separate objectives, the Terrorists, depending on the game mode, must either plant the bomb or defend the hostages, while the Counter-Terrorists must either prevent the bomb from being planted or rescue the hostages. There are six game modes, all of which have distinct characteristics specific to that mode.

The all time popular multiplayer online game tournament will reveal the secret talents in each cities. They will fight their way to the **final death match in Yogyakarta** to win the ultimate pride and prize.
